TBPL PIGMENT PRODUCT GUIDE FOR PLASTICS APPLICATION

Dt: 04-01-2018

Shade		Color Index	TBPL Product Grade	Applications					Product Description	Cross-Reference
Full Shade	Reduction			Decorative		Industrial		Auto		
		Aqueous	Solvent	Solvent	Powder	Refinish				
		PB 15.0	TBPL-B 15007	•					Red shade, High strength for Water Base Dispersions	BASF L 6840
		PB 15.1	TBPL-B 15109		•	•			Red shade, excellent all-round fastness properties.	BASF L 6920
		PB 15.1	TBPL-B 15114				•		Red shade, excellent all-round fastness properties.	
		PB 15.2	TBPL-B 15205		•	•		•	Red Shade – Non-Crystallizing, Non-flocculating (NCNF) property.	SLMC 255
		PB 15.2	TBPL-B 15206		•	•		•	Green Shade – Non-Crystallizing, Non-flocculating (NCNF) property	Redder than TBPL-B 15205
		PB 15.3	TBPL-B 15316	•					High strength and high flow for Aqueous Dispersions	
		PB 15.3	TBPL-B 15339				•		High strength and high flow for Aqueous Dispersions	
		PB 15.3	TBPL-B 15319		•	•			Greener Shade – for solvent base applications	BASF L 7080
		PB 15.3	TBPL-B 15320		•	•			Redder Shade – for solvent base applications	Redder than TBPL-B 15319
		PB 15.4	TBPL-B 15406		•	•			Very god flocculation resistance.	BASF L 7101 F
		PG 7	TBPL-G 711		•	•			Excellent all-round fastness properties. Recommended for SB systems	BASF L 8730
